Ty Zahnow's Eagle Project.

Pinnacle Peak Park is a frequent stop for many hikers, so many in fact that it needs some repairs. Please help me in the spirit of Scouting to assist the community in bringing a section of the trail back to pristine condition.

What a wonderful opportunity to bring positive attention to the scouting movement. There will be hundreds of people watching scouts putting their best effort forward.

But wait - there's more.... We will also have some wonderful food to consume after the morning of fun.
